Murphy Expo

New Delhi,

Congratulations and thank you for a job well done!!

The ACMA AUTOMECHANIKA 2024 Exhibitions turned out to be a very good one for ARB Bearings and so did the booth design. On Behalf of the entire ARB Bearings team, I can safely say that we are satisfied with the efforts made by **MURPHY EXPO** to make this event a success.

Apart from a few minor blemishes, the overall quality of the work and services delivered is highly appreciated.

We at Arb Bearings are happy to have a partner like **MURPHY EXPO** by its side and hope it will keep on delighting us in our future endeavors.
